

# THE MCM APRIL 2019 PLAY-BY-PLAY

Spring into  
learning!

Take a peek inside the mind of a child at this family learning series!

MCM, in partnership with the Junior League of Jackson and the UMMC Center for the Advancement of Youth (CAY), invites families to the museum for this month's Play. Eat. Learn. educational presentation, "The Sensory World of a Child."

MCM's Play. Eat. Learn. series, which also provides dinner on a first-come, first-served basis, is the perfect way for parents, caregivers, and educators to take a sneak peek inside the minds of their children. While parents attend the educational program, children are invited to explore and play throughout the museum with supervision provided by members of the Junior League of Jackson and MCM staff.

This presentation will be moderated by local, pediatric expert and Medical Director of CAY, Susan Butross, MD, FAAP. Dr. Butross is a nationally renowned leader in the field of Developmental-Behavioral Pediatrics, and MCM is thrilled to have her join us as the keynote speaker for our April Play. Eat. Learn. event.

"Too hard, too soft or just right. Sensory issues can be a puzzle," Dr. Butross says in regards to children's sensory development. "What's just right for one [child] may be all wrong for another, but there are ways to help calm those sensitive nerves."

Join us in discovering more about our children's sensory development and wellbeing on Tuesday, April 30th for Play. Eat. Learn. "The Sensory World of a Child."
