MCM’s Covid Response

In response to our community’s overwhelming need for a safe and educational learning space due to COVID-19 school closures, MCM shifted programming and operating priorities to create a model initiative called Launch into Learning (LIL). LIL allows 70 students to come to the museum five days a week to complete their online schoolwork followed by guided STEAM activities and museum free play in the afternoons. Once JPS returned to in-person learning, MCM has continued to support LIL families through dependable after school care that includes fun educational enrichment activities.

MCM’s Statewide Impact

The first-class experience that we offer each child who visits the Mississippi Children’s Museum would not be possible without the generosity of our community. By joining Partners you are playing a vital role in making our museum accessible to all children. Since opening, MCM has served over 1.6 million visitors from 135 school districts, all 82 counties, all 50 states, and over 20 countries.
