Jackson, MS's Ealey Selected as One of Just 17 Afterschool Ambassadors in United States This Year

*Monique Ealey Will Work in Mississippi and Nationally to Increase Access to
Afterschool and Summer Learning Programs*

Washington, DC – The Afterschool Alliance today announced that Monique Ealey, Director of Education and Programs at the Mississippi Children's Museum, has been selected to serve as an Afterschool Ambassador for the Afterschool Alliance in 2022. She is one of just 17 leaders in the country chosen for the honor this year. Afterschool Ambassadors continue their work with local afterschool programs while serving a one-year Afterschool Ambassador term, organizing public events, communicating with policy makers and community leaders, and in other ways increasing awareness and support for afterschool and summer learning programs.

"We are thrilled that Monique Ealey will serve as an Afterschool Ambassador this year," said Afterschool Alliance Executive Director Jodi Grant. "The pandemic has had a profound effect on children and youth, and the afterschool community has a vital role to play in helping everyone recover lost ground. That will require support of all kinds, and we need strong advocates who know their communities to lead the charge. Afterschool programs keep kids safe, inspire them to learn, and help give working families peace of mind. They offer hands-on learning, opportunities to think critically and collaborate, homework help, mentors, science and technology, healthy snacks and meals, sports and fitness, arts programming, college and job prep, and much more – and students need all that more than ever."

"I am eager and honored to join the Afterschool Alliance in building support for afterschool programs," said Ealey "Over the last two years, afterschool and summer learning programs have provided critical services to kids and families, and we have more work to do as we recover. Our children have ground to make up – not just in academics, but in their social and emotional development, as well. I'm proud to be part of the afterschool movement and thrilled to have a chance to serve as an Afterschool Ambassador for Mississippi!"

The Mississippi Children's Museum (MCM) currently serves close to 200 children, five days a week through the Launch into Learning Afterschool Program. Launch into Learning was developed out of a need for children to have a safe space to attend school virtually during the onset of the pandemic. Parents needed to go back to work and feel confident that their children were in a space receiving the academic help they needed, as well as having their social and

emotional needs met. When students returned to the classroom, MCM recognized the need to continue providing services to the children and their families, therefore, they shifted to a five day a week afterschool program. Each day, students receive a snack, academic enrichment in Literacy, Math, and STEM, Museum Exploration and Playground time, and Character Trait Building programs.

MCM serves students in the Jackson Public School District. Key partnerships have been formed, such as First Tee of Central Mississippi, which provides every student an opportunity to learn the game of golf. Such partnerships are critical to ensuring that the needs of all children are met and that they are receiving a first class, unparalleled, and unforgettable afterschool experience.

Each Ambassador will organize a major event for *Lights On Afterschool*, the Afterschool Alliance's annual rally for afterschool. Most of the thousands of local *Lights On Afterschool* events will be on or around Thursday, October 20, 2022.

The 2022 Afterschool Ambassadors are:

- **Homer, Alaska:** Jane Beck, Executive Director, Project GRAD Kenai Peninsula
- **Glendale, Arizona:** Manny Padia, Recreation Coordinator Senior, City of Glendale Public Facilities, Recreation, & Special Events Department

- **Salt Lake City, Utah:** Angel Gomez, Community Program Manager, YouthCity - Fairpark
- **Charleston, West Virginia:** Michael Farmer, Chief Operations Officer, Step By Step WV
- **Fairmont, West Virginia:** Shannon Yost, Program Manager, Flipside Afterschool Program

The 2020 [America After 3PM](#) household survey of more than 30,000 families, commissioned by the Afterschool Alliance and conducted before the pandemic, found that unmet demand for afterschool programs has reached an all-time high. For every child in an afterschool program in America today, three more are waiting to get in. The study found significant inequities, with Black and Latinx children disproportionately without afterschool opportunities. Ninety-four percent of parents of afterschool students say they are satisfied with their child's program.

A large and powerful body of evidence demonstrates improvements in grades, school attendance, behavior and more among children who participate in afterschool programs. Researchers have also found that students in afterschool programs are more engaged in school and excited about learning and develop critical work and life skills such as problem solving, teamwork, and communications.

#

The Afterschool Alliance is a nonprofit public awareness and advocacy organization working to ensure that all children and youth have access to quality afterschool programs. More information is available at www.afterschoolalliance.org.

The Mississippi Children's Museum (MCM) is a 501(c)3 nonprofit organization with a mission of creating unparalleled experiences to inspire excellence and a lifelong joy of learning in all children. The 40,000-square foot museum is designed around five primary initiatives, with correlating exhibits, programs, and outreach efforts. These initiatives include: Literacy, STEAM, Health and Nutrition, Cultural Arts, and Mississippi Heritage – the keys to helping our children mature into healthy and productive adult learners. In response to community needs due to the COVID-19 pandemic, MCM shifted operating and programming priorities to best serve Mississippi's children and combat learning loss through facilitating virtual schooling and creating online educational enrichment – services that continue today through a robust, daily afterschool program and an online platform for teacher professional development. In 2021, MCM celebrated a monumental year by receiving an Institute of Museum and Library Services National Medal, the nation's highest honor for museums, and through opening its first satellite museum, MCM-Meridian, which received the 2021 Governor's Award for Travel Attraction of the Year.
