Mississippi Children's Museum President's Leadership Circle

Who: All high school Sophomores and Juniors

When: Application open August 28, 2023

Application closes October 13, 2023

Where: Mississippi Children's Museum

2145 Museum Blvd

Jackson, MS 39202

Students will acquire new leadership skills through hands-on activities, leadership development, customer service, community service, cultural diversity, career readiness, and college preparation.

Fifteen high school students will be selected to join the President's Leadership Circle. To qualify, you must submit an application, be nominated by a school counselor, teacher, or administrator and write an essay about a significant moment in your life. The essay must be 500 words, font type Times New Roman, and double spaced.

Program Description

The Mississippi Children's Museum (MCM) President's Leadership Circle is a community-wide effort centered on youth leadership. It offers opportunities for MCM Youth Volunteers to acquire new leadership skills, be part of an incredible team, and give back to the communities where they live. MCM's President's Circle presents hands-on leadership activities and educational programming where you will gain experience in leadership, customer service, cultural diversity, career readiness/college prep, and community service.

Sessions held monthly from 4:00PM—5:00PM

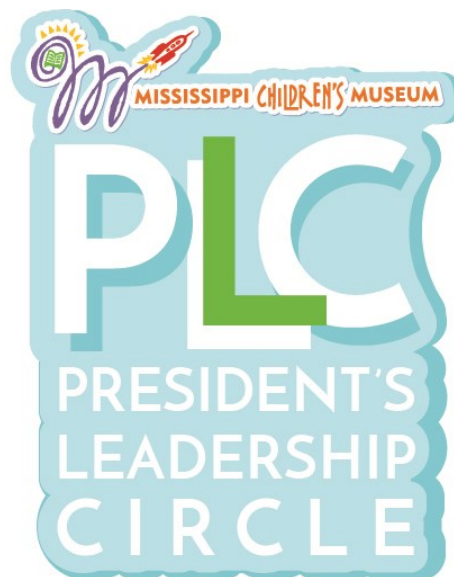

Goals

1. Improve leadership styles and decision-making skills that promote educational programming and community outreach
2. Improve customer service and stimulate interest in cross collaboration among volunteers
3. Promote bonding to a culturally diverse community among youth to ensure that they remain engaged with MCM and communities
4. Career readiness is a process of preparing students with the essential skills they need to find, acquire, maintain, and grow within a job. College preparation focuses on ways to increase college access.
5. Student's engagement in community service provides them with the opportunity to become active members of their community. Most importantly, students learn that the work they do can make a real impact.
